

Felicitas SEAH

Principal Lecturer & Consultant, Digital Products & Platforms Practice

✉ issjsjh@nus.edu.sg

Profile

Felicitas teaches both the executive and professional development and post-graduate programmes at NUS-ISS in product, platform and project management helping learners and customers grow their capability and capacity for the digital economy. She manages the Designing and Managing Products and Platform certificate under the stackable Masters of Technology Programme and the Platforms as a Business course. She mentors and advises internship teams on their industry capstone projects, applying the classroom lessons to real-life problems. She has over 30 years of experience in project delivery and management in public sector and vendor organization; in defence, supply chain, MRO, Finance and education domains. She is a certified Blackblot Product Management Professional, Certified Scrum Master, PMP and CITPM.
