

CHIA Yuen Kwan

Senior Lecturer & Consultant, Software Systems Practice

✉ isscyk@nus.edu.sg

Profile

Yuen Kwan teaches courses in the areas of object-oriented technology and application development methodology. Prior to joining NUS-ISS, he was involved in application development projects in the government and transportation industries. He also led various large scale developments in business critical and legacy systems, in particular, the conversion of such systems to adopt the object oriented technology.

What I Teach

SOFTWARE SYSTEMS

NUS Graduate Diploma in Systems Analysis - Capstone & Internship

SOFTWARE SYSTEMS

Stackable Graduate Certificate Programme in Digital Solutions Development

SOFTWARE SYSTEMS

Secure Software Development Lifecycle for Agile

SOFTWARE SYSTEMS

NUS Certificate in Digital Solutions Development – Design

SOFTWARE SYSTEMS

NUS Certificate in Digital Solutions Development – Foundations

SOFTWARE SYSTEMS

NUS Certificate in Digital Solutions Development – Mobility Applications

SOFTWARE SYSTEMS

NUS Graduate Diploma in Systems Analysis

SOFTWARE SYSTEMS

Graduate Certificate in Digital Solutions Development – Machine Learning Applications

DIGITAL STRATEGY & LEADERSHIP

(ISC)² Certified Secure Software Lifecycle Professional Common Body of Knowledge (CSSLP CBK) Training Seminar

SOFTWARE SYSTEMS

Software Analysis & Design

SOFTWARE SYSTEMS

Software Design Patterns

ARTIFICIAL INTELLIGENCE

Machine Learning Applications
